

## Welcome

Bearing its namesake from the cheeky little Chat bird inhabiting the vineyard, Chatsfield Wines was established in 1976. One of the early pioneering vineyards in the region, it continues to produce outstanding quality grapes indicative of the Great Southern Wine Region of WA.

In September 2007, an enthusiastic and professional group of wine lovers purchased Chatsfield vineyard from one of the original owners and have set about re establishing the brand to its hey days of the mid 1980's.

The aim is simple.....

Optimum flavour and ripeness

Meticulous attention to detail

Premium quality French oak
